

There is something wrong with the world.
You are being lied to.

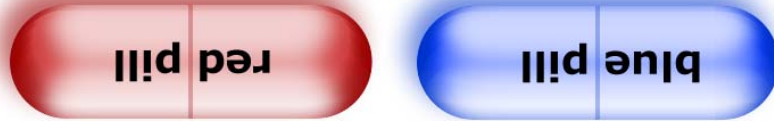

Take the blue pill, and believe whatever you want to believe.

Take the red pill, and We will show you how deep the rabbit hole goes...

We can only show you the door.
You're the one that has to walk through it.

Sooner or later you're going to realize there's a difference between knowing the path and walking the path...

Welcome to the real world ...

Thousands of Iraqis and Afghans maimed and murdered to save them.
Over 5,000 U.S. immigrants rounded up, detained and/or deported.
Over 200 military incursions with the US as the aggressor since 1945.
An Orwellian Police State - Homeland Security, Patriot Act I & II, Military Tribunals, Internet Spying, and rigged elections.
A corporate media monopoly fails to inform, but serves as a mouthpiece for the Bush administration, the Pentagon, and Corporate America.
\$400 billion for Unending War followed by colonial-style occupation, while the people endure massive cuts in health care, education, housing and jobs.
Whose interests are really being served ?

I don't know if you're ready to see what we have to show you...

They say it was a war to combat terrorism, but it has never been proven that Iraq had links to Al Qaeda. *They say* it was a war to prevent the use of weapons of mass destruction, but no biological, chemical, or nuclear weapons have been found, and Iraqi forces used no such weapons against U.S. troops. *They say* it was a war to liberate the Iraqi people from a brutal dictator, a man who used nerve gas against his own people, but when Saddam committed the worst of these acts it was with the aid of U.S. military intelligence - because it suited U.S. policy to support Iraq in its war against Iran. *They say* it was a war to bring democracy to the people of Iraq, while the U.S. military appoints a government in which the Iraqis have no say.

It's a *virtual world* that the corporate media has pulled over your eyes to blind you from the truth.

Iraq is only the second stop in an illegitimate, immoral, and unjust war on the world. We, as citizens of the United States, do not want to live in a new Roman Empire, where we are promised that this "war" will last generations. Even as victory is declared over Baghdad, the Bush administration is directing its aggression towards Syria, Iran, North Korea and now Cuba.

All we're offering is the truth...

The war on Iraq was wrong, the occupation of Iraq is wrong, and the Bush doctrine of war and repression is wrong! We call on all people living in the U.S. to take action to denounce this war and occupation. We pledge that we will not stop until this war on the world is stopped. We pledge to make common cause with the people of the world to bring about justice, freedom and peace.

We can only show you the door.

You're the one that has to walk through it...

You are invited to join with us and help expand and strengthen the resistance to end this government's course of war and repression.

Another world is possible and we pledge to make it real.
