"Stand Up For Freedom - Because Freedom Can't Protect Itself"

Post 9/11, Americans are being asked by government officials to choose between safety and freedom. And some Americans, depending on their religion or national origin, are even being denied that choice. It is as if our inalienable rights are being interpreted to mean either life or liberty -- but not both.

**Let us not sacrifice our freedoms for an
illusory promise of security!**

Silicon Valley for Civil Rights (SV4CR) is a broad-based, grassroots coalition of individuals and organizations deeply concerned about the Bush administration's post-September 11 crackdown on civil liberties.

SV4CR's goals are to raise public awareness about the administration's civil liberties offensive through education and participation in the democratic process and most importantly, to help Santa Clara County pass resolutions opposing the PATRIOT Act and any further efforts by the Bush administration to erode our civil liberties.

Join us and take a stand for what makes our country truly great -- our fundamental freedoms.

Join us on Wednesday, July 30th, 7:00 pm
