

"THE REVOLUTION WILL NOT BE TELEVISED"

Winner of over 20 international awards, this fascinating documentary records the coup attempt against Hugo Chavez, in 2002, supported by the upper 20% of the economic class in Venezuela and by the Bush administration. The coup attempt failed two days later as the nation's working class took to the streets and military officers loyal to Chavez restored the people's elected government. *74 min, 2003*
