

South Bay Mobilization Film Series:

Wed, Sep 8th, 7:00PM

**MACLA Arts Center
510 South First St, San Jose**

Followed by a presentation and discussion.

"Governments are installing computerized voting systems with no paper record to verify accuracy. Elections will be controlled by companies that do not allow voters to inspect their software. If vote counting becomes privatized, there may be no way to get it back.

High-tech fraud is already a reality."

Suggested donation: \$5-\$15

Students are FREE!

(No one turned away for lack of funds)

For more information, call 408-998-8504

"**INVISIBLE BALLOTS** is an in-depth exposé of all-electronic computerized voting. Underneath the radar of public scrutiny, election officials and voting machine manufacturers are putting into service tens of thousands of touch screen voting machines that cannot be relied upon for accuracy or security from tampering. Elections already using these machines are often plagued by 'glitches' and 'technical problems' that only technicians working for the manufacturers can solve."

"Voting is swiftly coming under the control of private corporations using secret software with little or no independent oversight. These companies and the people who run them are rife with corruption and insider alliances. Mysterious election upsets are increasing, and verified recounts are impossible. **If we are to preserve representative government, the public must learn the secrets revealed in Invisible Ballots and take action quickly.**"

Appearing in the documentary film, "Invisible Ballots" are:

Dr. David Dill

Dr. Rebecca Mercuri

Bev Harris

Dr. Avi Rubin

DR. DAVID DILL
Professor of Computer Science at Stanford University and the author of the Resolution on Electronic Voting.

DR. REBECCA MERCURI
Research Fellow at Harvard University's Kennedy School of Government, and a longtime proponent of the Voter Verified Paper Ballot.

BEV HARRIS
Independent investigator and author of *Black Box Voting*.

DR. AVI RUBIN
Technical Director of the Information Security Institute at Johns Hopkins University.

TOPICS DISCUSSED ARE:

- ✓ History and background of voting systems and technology
- ✓ The Help America Vote Act
- ✓ Problems with electronic voting
- ✓ Errors and glitches: case histories from real elections
- ✓ Fraud and tampering
- ✓ Executive conflicts of interest in the voting machine business
- ✓ Should we privatize voting
- ✓ Honesty, oversight and transparency in elections
- ✓ The Voter Verified Paper Ballot
