proudly presents
Award-winning journalist

NAOMI KLEIN

KLEIN will speak about her travels to research the U.S. plan to transform Iraq into a showroom for laissez-faire economics, a neo-conservative utopia such as the world has never seen! She also covers the ways that activists are supporting the struggle for genuine freedom and sovereignty in Iraq.

Tracking the rise of anticorporate activism, Klein's book *No Logo* has been called a "movement bible" by the *New York Times*, with over a million copies in print. Klein writes regularly for *The Nation*, and has published in the *New York Times*, *Ms.*, and *Newsweek*. She has just released a film about Argentina, *The Take* with Avi Lewis. Klein's books *No Logo* and *Fences and Windows: Dispatches from the Front Lines of the Globalization Debate* will be for sale and she will sign them afterwards.
