

THE TAKE

Director/Producer: Avi Lewis

Writer/Producer: Naomi Klein

This film takes viewers inside the lives of ordinary visionaries, as they reclaim their work, their dignity and their democracy.

Occupy. Resist. Produce.

In the wake of Argentina's spectacular economic collapse in 2001, Latin America's most prosperous middle class finds itself in a ghost town of abandoned factories and mass unemployment. In suburban Buenos Aires, thirty unemployed auto-parts workers walk into their idle factory, roll out sleeping mats and refuse to leave. All they want is to re-start the silent machines. But this simple act - the take - has the power to turn the globalization debate on its head.
