

COLIN POWELL SPEAKS

Let's learn about him:

- He was chairman of the Joint Chiefs of Staff during the Gulf War, despite advocating diplomacy, containment and sanctions
- He supports the Iraq war, again, despite his view that war should be a last resort.
- He changed his story about Saddam Hussein's WMD capabilities after Bush decided to go to war on Iraq
- For two years, he successfully covered-up the Mai Lai Massacre, the infamous rape, torture and murder of hundreds of Vietnamese villagers.
