

Iran: *Eye of the Storm*

Map of Iran

Dr. Parsa Benab
Dr. Morteza Mohit

Two Iranian Political Scientists and Scholars will talk about the geo-strategic importance of Iran and ...

Dr. Benab & Dr. Mohit will discuss the future of Iran and the nature of the resistance to any outside intervention. Iran is at least 6 to 10 years away from a nuclear bomb by most estimates. The crisis is not even a crisis. The US will not solve the nuclear problem by threatening military strikes or by dragging Iran before the UN Security Council. Come find out what's really going on!
