

The Conscientious Projector
film series
 presents:

Taking its legal status as a "person" to its logical conclusion, the film puts the corporation on the psychiatrist's couch to ask, "What kind of person is it?"

- highly anti-social
- self-interested, inherently amoral, callous and deceitful
- one that breaches social and legal standards to get its way
- one that does not suffer from guilt, yet it can mimic the human qualities of empathy, caring and altruism

Provocative, witty, sweepingly informative, **THE CORPORATION** features 40 interviews with corporate insiders and critics - including Milton Friedman, Noam Chomsky, Naomi Klein, and Michael Moore - plus true confessions, case studies, and strategies for change.

Friday, June 23, 7:00 pm
