

Protest & People's Vote Against the War
U.S. Out of Iraq! No New Korean War!
Money for People's Needs, not War

The Iraq war is a disaster. Hundreds of thousands of Iraqis have been killed. More than 2,700 U.S. soldiers are dead and 20,000 wounded in a war based on lies.

Bush's policies are now threatening a new Korean war. While we join with people everywhere in seeking to end the scourge of nuclear weapons, we recognize that North Korea is not the threat.

The U.S. gov't has detonated 1,232 nuclear bombs since 1945. Hiroshima and Nagasaki were incinerated by U.S. atomic weapons. The U.S. has 16,000 nuclear weapons and is endlessly carrying out mock invasions and bombing campaigns of North Korea. Having been cast as part of the "Axis of Evil," North Korea has felt compelled to resume a nuclear program that it had earlier frozen.

Both parties demagogically campaign against the "welfare state," while functioning as a rubber stamp for a warfare state. Only the people can stop the war.

Carpooling from San José: Meet at county parking lot across from 70 West Hedding starting at 9:30 a.m.
